

# HEART KEEPSAKE

## Instructions for use

Heart Keepsakes are the perfect size to hold in the palm of your hand. They are designed to discreetly and safely store small precious mementos, a tiny quantity of ashes (in the glass phial provided), and a name plaque and/or photo.

The Tribute Heart is designed to be separated into two sections to allow access to the recesses when storing mementos and photos. At all other times, simply rotate the two sections of the heart to release the magnetic catch and view the contents.

Note: If a name plaque is used instead of a photo, depending on the thickness of the plaque it may not be possible to replace the screens
